

Zed Bar has always held both employees and customers health and safety to the highest standard and now more than ever we can guarantee you a safe experience when sharing your day or evening with us.

Zed Bar commits to maintaining compliance with the Government restrictions for venues across NSW. These restrictions allow a maximum of 1 customer per 4 square meters. All persons entering Zed Bar will be asked to scan the Service NSW QRCode for contact tracing purposes. This information will be stored securely for 28 days as per Government requirements.

We have changed the way we do things!

- All tables within the venue have been distanced 1.5m apart where practical, to allow all customers the security in knowing they are safe when dining at Zed Bar
- Management ask that patrons socially distance throughout the venue, where possible. Please try to not form queues at service areas and maintain a safe distance of 1.5m between yourself and others where possible
- All self service aspects of the venue have been removed. All cutlery will be taken to your table by a friendly Zed Bar Employee.
- Increased cleaning and hygiene regimes
- Hand sanitiser is available at the entry point of the venue and throughout the venue
- When ordering at the bar, please allow 1.5m distance from yourself and our staff where possible
- Management ask that all payments be made via use of debit or credit cards where possible
- All patrons must wear a mask whilst inside the venue unless seated and consuming food or beverages. Masks do not have to be worn outdoors but Zed Bar encourages all patrons to do so for their safety.
